

The Little Patchwork Coat

A free embroidery pattern
in tribute to Dolly Parton

Some songs stay with us because the
story inside them never grows old.

Dolly Parton's *Coat of Many Colors* is
one of those songs. A little coat made
from simple scraps became something
precious because it was stitched with a
mother's love.

So, in a quiet tribute to Dolly's life, I
designed and stitched this little coat.
Perhaps you would enjoy stitching one
as well. This embroidery pattern is my
gift to you.

PS: The tiny heart on the pocket was
inspired by her signature song, *I Will
Always Love You*.
